"TO NORFOLK" VETERANS' CRY

Annual Reunion There Next Month.

Maj. Gen. Julian S. Carr Issues Orders To That Effect To North Carolina Division, U. C. V.—Sept. 6, 7 and 8 the Time—An Unusually Large Attendance of Veterans Is Looked For—Fifty Or Sixty Will Probably Go From Here.

Members of Guilford Camp, No. 795, of United Confederate Veterans, were very much interested yesterday on learning that orders had been issued for the next annual reunion of the North Carolina Division of the Confederate Veterans to be held in Norfolk. The date for the reunion is Sept. 6, 7 and 8.

It is the first time the North Carolina Confederate Veterans have held their reunion outside of the State. The reason is not, as might be supposed by some, that there are not plenty of places inside the State which would be glad to entertain the veterans. The fact is, however, that the reunion has never been held at a place that was easily accessible to the veterans of the Eastern section and particularly the Northeastern section, which is the biggest part of the East. The holding of the reunion in Norfolk is therefore a concession to the large number of veterans in Northeastern North Carolina for whom Norfolk is the logical market and chief city. Indeed a large proportion of Norfolk's best business men are former North Carolinians—"down-homers."

Undoubtedly there will be a large attendance of veterans at Norfolk for it is reasonably accessible from all parts of the State except the extreme West. Adjutant W. W. Wood, of Guilford Camp, estimates the crowd that will go from here as being fifty or sixty.

The following orders were issued from the headquarters at Durham of the North Carolina Division, United Confederate Veterans:

General Orders No. 42.
The major general commanding the North Carolina Division of the United Confederate Veterans has the pleasure of announcing that the next annual reunion of this division will be held in the city of Norfolk, Va., on the 6th, 7th and 8th of September, 1910, in accordance with a most pressing invitation from the board of trade and Business Men's Association of that city.

A most interesting program is being prepared for the occasion, including side trips to the famous seashore resorts near Norfolk and every possible effort will be made by the public-spirited citizens of Norfolk to make our reunion here the grandest and most enjoyable we have ever held. Free entertainment will be provided for all veterans who are unable to pay for their meals and lodging, but all who wish free entertainment must at once notify Mr. Joseph A. Hall, secretary, at Norfolk, so that ample preparations may be made for their comfort. This is important and must not be overlooked or delayed. Commanders of camps are urged to attend to this without delay.

The railroads will give reduced rates as usual, and the exact rate, from any station can be learned from the local agent. A delightful trip and treat is in store for all who attend this reunion and it is hoped that there will be a large attendance of our old Tar Heels, all of whom will receive a most hearty and hospitable welcome from our Virginia neighbors.

Let our cry now be "On to Norfolk."

By order of
J. S. CARR,
Major General.

H. A. LONDON,
Adjutant-General and Chief of Staff.

Guilford Camp, No. 795, Confederate Veterans, take due notice of the above order and govern yourselves accordingly.

J. Y. WHITTED,
Commander.

In Superior Court.
All of yesterday in Superior Court was taken up in the trial of the case of Lindley vs. Fries Manufacturing & Paper Company, of Winston-Salem. The jury will go to the jury some time this afternoon.

W. DIRECTOR OF MUSIC AT STATE NORMAL COLLEGE

Prof. Albert S. Hill, of Atlanta, Succeeds Prof. H. H. Hoexter, Who Will Study In Europe.

Prof. Hermann H. Hoexter, who had charge of vocal music at the State Normal and Industrial College, asked to be released that he might spend a year or more studying music in Germany. This request of Prof. Hoexter was granted by the board of directors, and Prof. Albert S. Hill, of Atlanta, Ga., has been elected director in this department. The authorities of the college feel that they are very fortunate in securing the services of Mr. Hill, as he is a musician with broad culture and large experience.

Prof. Hill graduated at Lebanon College, Ohio, in 1889 with the degree of bachelor of arts. He was later given the degree of master of arts by this institution. After graduation Prof. Hill went abroad and was accepted as a special student in the University College of the University of London where he remained for four years. While in the University of London, in addition to his work in music, he pursued courses in English, European History, Drama, Psychology, Ethics, Philosophy, Pedagogy, etc.

Prof. Hill seriously began his musical education at the age of twelve years with Madam Lathrop Lewis, of Ohio. After two years of study he became the pupil of Errain of New York City and remained a student of his more than two years. He took a course in harmony and sight singing at the Metropolitan College of Music. This course was intended especially to prepare him as a supervisor of public school music and as a conductor of choral societies. In 1889 he began to study music with Prof. Alberto Randegger, of London, England, and continued with him for four years. Prof. Randegger considered him sufficiently efficient in music to employ him as his assistant for a considerable time. At the suggestion of Prof. Randegger he studied in the Royal Guild School of Music of London, and was at this time a member of the Prima Vista Choral Society.

On returning to the United States Prof. Hill took piano lessons with Dr. William Mason and did some special lines of vocal work with Prof. Leo Kofler. Along the lines of oratorio singing, musical interpretation, and history of music Prof. Hill has had definite instruction.

After completing his work as a student Prof. Hill was first employed as director of public school music at Toledo, Ohio. At the end of a service of two years in this position he went to New York city where he conducted various choral societies and musical clubs and did a large amount of private teaching. He has also done work in teachers' institutes and summer schools in Tennessee, Pennsylvania, Kentucky, and Ohio. Prof. Hill comes to the State Normal and Industrial College very highly endorsed.

MR. A. M. SCALES AND REV. MELTON CLARK RETURN.

Mr. A. M. Scales and Rev. Melton Clark returned last evening on train No. 35 from a two months' trip to European countries. They left New York on June 15 and arrived in Hamburg, Germany, on June 27. Returning they sailed from Dover on August 6 and landed in New York Monday night at 11 o'clock, leaving at once for home. They report a most pleasant trip, having fine weather during both trips across the briny deep. Until two days ago the weather was so cool that overcoats were needed. Mr. Scales and Rev. Mr. Clark visited the principal points of interest in Germany, Switzerland, France, Scotland and England. They attended the Passion Play in Oberammergau.

Informal Recital on New Pipe Organ.

Mr. George Neeley who is building the new Estey pipe organ in Centenary Methodist church expects to complete his work on the instrument today. The organ committee desires to test the organ before Mr. Neeley leaves the city and will have an informal recital to-night beginning at 8:30. Any friends who would like to hear the organ tested are invited to be present.

Notice.

The Sunday school teachers of West Market Street Methodist church will please meet me tonight at the church after prayer meeting.

MRS. G. W. WHITSETT.

Remember the orphans will give a concert in Smith Memorial building Monday, Aug. 22. Price 25c. children 15c. Everybody come and have a happy hour.

SETTLE CLAIMS WITHOUT ADVICE

From Attorneys Request Railroads.

Those Injured In Collision At Raleigh Asked To Present Claims—Requisition From South Carolina For Negro Blind Tiger Is Honored by Federal Authorities—Washington and Chowan After Tax on Million Dollar Bridge.

Raleigh, Aug. 16.—The Southern and Seaboard Air Line railway companies have appealed to the fourteen and more negroes injured in the union station collision here Saturday morning to all come direct to the railroad representatives for settlement of their claims for injuries without the intervention of any lawyer. Announcement has been made to this effect at the colored churches with insistence that claimants make no move to employ counsel before they have tried to reach a settlement without lawyers. They insist that in this way those entitled to damages will realize the more benefit through being rid of exorbitant counsel fees.

A special committee composed of Dr. F. P. Holgood, Dr. B. F. Sledd, and President W. L. Poteat has been named by the directors of Wake Forest College to select additional teachers for the department of English. The directors were in session last evening here and report prospects in every way highly encouraging for the fall opening.

A requisition came today from the Governor of South Carolina on the Governor of North Carolina for Chas. Johnson, a federal prisoner who is wanted in Chesterfield county, South Carolina, to complete a term of service as a convict. He was arrested here two weeks ago as "Mysterious Tom" who had given the officers much trouble as a "walking saloon" selling whiskey on all sides without the officers being able to get a clear cut case against him. Now the officers are relinquishing him to the South Carolina authorities because there is some doubt as to his conviction here if held for the Federal court.

A number of business men of Sanford join in a petition to the United States district court for Wicker & Watson, a Sanford firm, to be declared bankrupt. The hearing is set for August 22. Washington and Chowan counties have a lively contest now over the tax that the Norfolk & Southern must pay on the million dollar bridge over Albemarle Sound in that they cannot agree as to what portion of the bridge should yield tax to the respective counties. Chowan county is claiming the entire bridge clear to the water line on the Washington county side. On the other hand the Washington county commissioners are insisting that they are entitled to the valuation out to the half way point between the shores.

The revenue raiders here are rejoicing over the capture of Jerry Kittle, a remarkable moonshiner who has been operating for nearly a decade in Franklin and Granville counties without having been captured a single time, although they have run him away from dozens of stills in one and another quarter. He was caught yesterday by United States Deputy Marshal J. B. Jordan and is now in Wake jail in default of \$500 bond for trial at the next Federal court. Kittle spent most of his time on and around Little Island, in Tar river.

Before Judge Euse.

In Municipal court yesterday morning Smith Garret was taxed with the costs in a case charging him with assaulting Jim Evans. Andrew McIntosh was charged with throwing glass in the streets and Judge Euse imposed a fine of \$2.50 and costs. Charles Whitfield and Jim Byrd, colored, were up on the charge of engaging in an affray. Whitfield was fined \$5 and costs, while Byrd was let off on payment of costs.

Mason To Roads.

Before Justice of the Peace Rogers yesterday morning Charles Mason was given a hearing on the charge of being drunk and disorderly. A fine of \$7.50 and costs was imposed and as Mason could not furnish the necessary cash he will go to the roads to work out the required amount.

Mr. G. H. Royster left yesterday for Charlotte, and points in the Western part of the State.

THE FINAL GAME THIS AFTERNOON

Between Spartanburg And Greensboro.

Double-Header Yesterday Was Divided—Champs Took First and Musicians Second—Final Game a Hard Fought Contest—Greenville Wins From Winston—Anderson From Charlotte—How They Stand.

The Spartans and the locals split even on the double-header yesterday afternoon, the first game going to the Greensboro while the second was tucked away by Manager Wood to carry back to Spartanburg. An attendance a little larger than usual greeted the two teams and all received their money's worth of ball.

The First Game.

Greensboro 11. Spartanburg 3.
The first act with Wallace as leading man for the locals and Abercrombie the chosen one for the visitors proved a slugging match in which Big Bob Wallace proved himself superior while Abby was jerked off the firing line at the end of the third after a total of six runs had been garnered by the Champs. Burwell was sent in to work by Manager Wood and the Champs piled up four runs off his delivery in the first inning of his reign, but he steadied down and did fairly well for the other four spasms.

In all the Champs touched up the two opposing twirlers for thirteen hits, and put up the best base running exhibition that they have shown this whole season. Wallace gave up nine hits but kept them well scattered and although his curves were working fine for him he never had to work very hard for his game.

The features were the hitting of Hicks, Fuller's work in the infield, Bentley's base running and Clapp's work in the sun garden.

Gardin in right field and Wynne at second were the bright features for the Musicians.

Second Game.

Greensboro 2. Spartanburg 3.
The second game was a seven-inning affair by agreement and was by far the best exhibition of the day. The game was hard fought by two south-paw twirlers, Eldridge and Gardin, both giving up a half dozen hits apiece and only a single error being made behind each.

The game was lost by a fumble in the sixth by Hicks, which followed by a three-base hit by Jackson scored the two runs that won the game for the Spartans.

The Champs took a rally in the seventh with two men down that came near winning the game after all—Beusse hits a hot one through Wideman and gets to first safely and Eldridge walks up and hits the ball in the nose for two bases scoring Beusse. Rickard pops out with Eldridge on second.

Beusse behind the bat in both games did good work, and Fuller and Moran pulled off a fast and snappy double play that was a feature of the day. Wideman and Wynne were the features for the visitors and covered a good portion of both the infield and outfield. Umpire Rudderham was as usual the subject of a good deal of unfavorable criticism from both the players on both teams and the grandstand.

Rickard Walks Ninety-Nine Times.

In the double-header yesterday Rickard drew a single base on balls, making the 99th time that he has been given his free transportation to first base this season. This is by far a record for the league and is a unique record in baseball. If a few more well placed hits had been put up behind him this season at opportune times the standing of the club would tell a different story.

Probable Batteries Today.

Manager Hicks gives out as the probable choice for today, Tony Walters and Beusse. Manager Wood will possibly give Abercrombie another chance this afternoon, or Walker, the fast left-fielder who has claims as a twirler, may go in with Harrington as the receiver.

Tomorrow morning, at 9:20 o'clock, a large open car, marked "Special," will leave South Greensboro at the end of the Asheboro street line for the picnic at Lindley Park. Friends not boarding the car below Washington street crossing should be at the crossing at 9:25. An additional car will be used from the square if necessary.
At 5:20 p. m. car will leave Lindley Park for Piedmont and return to the Square, arriving at 6:20. T. J. Ogburn, pastor; T. A. Hunter, S. S. Supt.

MISS HAMPTON TO TEACH IN DURHAM.

Durham correspondence of the News and Observer: Miss Lelia Hampton, assistant teacher of history in the Greensboro schools, has accepted a similar position in the Durham schools and will be here the first week in September to begin work.

Miss Hampton has relatives in Durham and has visited frequently in this place. She is accounted an exceptional teacher and will strengthen the department to which she has been called.

In Honor of Miss Dodson.

Yesterday's Raleigh Evening Times says:

"Miss Mary Evans charmingly entertained at her home on New Bern avenue last evening in honor of Miss Pricilla Dodson, of Greensboro. During the evening the guests were entertained with several readings by Miss Corrine Doles, of Elizabeth City and Miss Evans. Delicious refreshments were served."

Master Radford East is in Durham for a week.

GUILFORD GRAYS AGAIN AT HOME

Returned From Fort Caswell Yesterday.

All the Boys in Fine Spirits and Looking the Picture of Health—Did Some Good Work and Received Compliments of Officers—Were Worked Hard, But They Kept Camp in Fine Shape—Examined For Hookworm.

Captain E. D. Kuykendall and his command, the Guilford Grays, known in army circles as Third Company, North Carolina Coast Artillery, returned yesterday morning after a stay of ten days at Fort Caswell, near Salisbury, N. C. There were forty-eight men in the command and they appeared to be in the best of spirits.

The boys reached camp in time for dinner on August 5 and until Monday morning, when they broke camp, they were kept at work. In fact, several of the members had never done any work as compared to what they were required to do by the officers in command. While they did nothing but what would be expected of them they were in actual service many of the boys were not used to such rough work, or rather where so much muscle is brought into play and for the first few days they were rather sore. And all of them came back wearing a tan complexion, but their health was fine. Capt. Kuykendall stated that not a single man in the company had to go to the hospital, a record breaking fact in the history of the encampments.

During the first four days of their stay the men were drilled in tracking and maneuvering with the big mortars in the fort. Then two days were spent in sub calibr practice. After they had gotten this part of the work done pat then they engaged in service practice shots at moving targets, representing hostile ships. Owing to the expense attached to discharging one of the mortars the boys were allowed only one service shot at a moving target. But they made good, the big projectile going kersplash into the water at the desired point. The ammunition used in firing one of these big mortars costs hundreds of dollars and Uncle Sam is a little stingy in this particular line of work.

The four companies comprising the Coast Artillery were under the command of Col. Ludlow, of the U. S. Army, and Adjutant Hancock. The officers complimented the Greensboro company highly and the medical attendant stated that the street occupied by them was the cleanest in the camp as was the kitchen also. The boys were examined by a hookworm expert, but his diagnoses of their conditions as pertaining to this disease have not yet been made public. However, while there will be some cases of hookworm in the company it is believed that the percentage will be small as compared to that in other companies.

MRS. C. F. SOUTHERLAND DEAD

Passed Away Yesterday Morning In Salisbury—Funeral Today At Albemarle.

Mrs. Charles F. Southerland died at the Stokes-Whitehead hospital in Salisbury yesterday morning at 12:30 where she had been taken on last Wednesday for an operation which she underwent on Thursday. Up until Saturday night Mrs. Southerland had been reported to be doing finely but she suddenly grew worse and her recovery was despaired of.

Mrs. Southerland was before her marriage Miss Emma Herndon, of Albemarle. She is survived by her husband, mother and several sisters. She had been married about five years and for about two years had made her home in this city where Mr. Southerland has business connections.

The remains have been carried to her mother's home in Albemarle, where the funeral services will be conducted at 2 o'clock this afternoon.

A number of beautiful floral tributes were sent by sorrowing friends in this city, one large design by friends at Mrs. Moore's boarding house, where she had made her home for several months past, and another particularly beautiful design from the Daughters of the Confederacy.

Misses Edna and Christine East are visiting Mrs. J. B. Graham, in Durham.

Feet So Sore Couldn't Walk Down Stairs—

TIZ Cured Her Quick.

If you have sore feet, tired feet, sweaty feet, lame feet, tender feet, smelly feet, corns, callouses or bunions, read what happened to Mrs. Crockett, of Jeffersonville. TIZ DID IT. Mr. Crockett says: "After the second treatment she walked down stairs one foot at a time. She has not been able to walk down stairs before in the past five years, except by stepping down on each step with one foot at a time. Send five more boxes."

No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25c per box, or direct, if you wish, from Walter Luther Dodge & Co., Chicago, Illinois.

Most disfiguring skin eruptions, scrofula, pimples, rashes, etc., are due to impure blood. Burdock Blood Bitters is a cleansing blood tonic. Makes you clear-eyed, clear-brained, clear-skinned. Itching piles provoke profanity, but profanity won't cure them. Doan's Ointment cures itching, bleeding or protruding piles after years of suffering. At any drug store.

If you haven't the time to exercise regularly, Doan's Regulets will prevent constipation. They induce a mild, easy, healthful action of the bowels without griping. Ask your druggist for them. 25c.

Stop earache in two minutes; toothache or pain of burn or scald in five minutes; hoarseness one hour; muscleache, two hours; sore throat, twelve hours—Dr. Thomas' Eclectic Oil, monarch over pain.

Bad Breath

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. I therefore let you know that I shall recommend them to any one suffering from such troubles."—Chas. H. Halpern, 114 E. 7th St., New York, N. Y.

Pleasant, Palatable, Potent, Taste Good, Do Good, Never Sicken, Weaken or Grip. 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C.C.C. Guaranteed to cure or your money back. 223

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having an Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Just dollar bottles guaranteed.

VAST SUM FOR LUXURIES.

Americans Imported \$259,000,000 Worth During Past Year.

Washington, Aug. 14.—The importation of luxuries into the United States was larger in the fiscal year 1910 than in any earlier year in the history of American commerce.

The Bureau of Statistics announced today that the importation of luxuries amounted to \$259,000,000. That total exceeds by more than \$25,000,000 the figures of the former "red letter" year for luxuries, 1907, and is more than double those for the year 1900, a decade ago.

Diamonds, jewelry, laces and embroideries, furs, feathers, beads and perfumery, on the one hand, and cigars and tobacco, wines and liquors and automobiles on the other are the principal articles forming the \$259,000,000 of purchases; though to these great groups must be added a third, which includes works of art, decorated china, and bisque, musical instruments, toys and orchids and palms.

Diamonds and laces run a close race with tobacco and liquors in popular favor. The figures show the importation of \$48,000,000 worth of diamonds and other precious stones in 1910, against \$46,000,000 worth of laces and embroideries, \$37,000,000 worth of cigars and tobacco and \$23,000,000 worth of wines and liquors.

The value of the uncut diamonds entering this country in 1910 was \$10,250,000; of diamonds cut but not set, \$29,500,000; of other precious stones cut but not set, \$7,750,000, and of jewelry and other manufactures of gold and silver, \$3,250,000. Taking the entire group of diamonds and other precious stones, the total for 1910 is \$47,750,000, against \$42,500,000 in 1907 and only \$24,250,000 in 1909.

Laces, embroideries and similar fineries were imported during 1910 to the extent of \$46,000,000, against \$49,500,000 in 1907 and \$23,000,000 in 1909. Cotton laces and embroideries alone aggregated in 1910 \$36,750,000 against \$39,750,000 in 1907 and \$19,250,000 in 1909. Silk laces in 1910 amounted to \$5,333,000, against \$6,750,000 in 1907 and \$3,250,000 in 1909, and laces from fibres amounted in 1910 to \$3,750,000, against \$3,000,000 in 1907 and \$500,000 in 1909. Furs and skins show a total importation of more than \$26,500,000 in 1910, against \$22,000,000 in 1907 and \$12,000,000 in 1909. Undressed furs and fur skins supply more than half of the imports of this group.

Wines, spirits and malt liquors imported aggregated \$23,500,000, against \$22,000,000 in 1907 and only \$12,750,000 in 1909. Wines represent a total value of \$13,000,000 in 1910, about equally divided between champagne and still wines. Distilled spirits in 1910 represented about \$7,000,000 and malt liquors \$3,250,000.

The importations of tobacco and cigars ranked second only to diamonds and jewels, amounting in the aggregate to \$37,600,000 in 1907 and \$15,700,000 in 1909. Art works show a total of \$31,000,000 in 1910, against \$6,000,000 in 1907 and \$2,500,000 in 1909, this increase having been chiefly due to the removal of the duty on works of art 20 years old or over.

The Best Hour of Life

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C. when he was suffering intensely, as he says, "from the worst cold I ever had, I then proved to my great satisfaction, what a wonderful Cold and Cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." Its the surest and best remedy for diseased lungs, Hemorrhages, LaGrippe, Asthma, Hay Fever—any Throat or Lung Trouble. 50c, \$1.00. Trial bottle free. Guaranteed by Fariss-Klut Drug Co.

Laugh and Grow Fat.

"Laugh and grow fat" is an old saying, and there is more than a little truth in it, asserts a doctor. "The convulsive movements which we call laughter exert a very real effect upon the bodily framework. They cause the arteries to dilate, so that they carry more blood to the tissues of the body and the heart to beat more rapidly, so that the flow of the blood through the vessels is hastened. In other words, laughter promotes the very best conditions for an increase of the vital processes. The tissues take up more nutritive material and the waste products are more promptly removed. A good laugh sends an increased flow of blood to the brain. This immediately causes that instrument of thought to work better, with the result that gloomy forebodings are sent packing."

DEATH TOLL OF A FLOWER.

Many Lives Lost Yearly in Quest of a Commonplace Alpine Bloom. London Sketch.

Though Switzerland is having a cold, wet summer this year, in common with the rest of Europe, the Alpine death toll is mounting high already. In many parts of the mountains there have been exceptional storms for the time of year, with the result that several parties of visiting climbers have been swept away by avalanches. But the alluring edelweiss remains the most fatal attraction of the summer tourist.

Not in itself a remarkably beautiful flower, edelweiss nevertheless appeals to that side of human desire that craves the difficult. Generally it grows in rocky corners that are practically inaccessible. Invigorated by the mountain air, the climber espies the blooms in their dangerous crevice and determines to claim them for his own. Sometimes he succeeds in the quest, only to fall as he returns; sometimes a loose stone, trusted for a foothold, slips away, and the end is deep down in the ravine below.

One by one the edelweiss claims its victims, till the total is higher than that of the avalanche, which destroys the mountaineers in full parties. Thirty flower pickers have sacrificed themselves for edelweiss since June, yet the fatal lure is on the mountains still and every week brings its tragic quota till the summer is ended and Alpine snows fill the nooks where now the flowers bloom.

Acute or Chronic—Which?

No matter if your kidney trouble is acute or chronic Foley's Remedy will reach your case. Mr. Claude Brown, Reynoldsville, Ill., writes us that he suffered many months with kidney complaint which baffled all treatment. At last he tried Foley's Kidney Remedy and a few large bottles effected a complete cure. He says: "It has been of inestimable value to me." Holton Drug Co.

Chaldean Tablets.

The clay tablets of Chaldeans, probably the very earliest writing materials used by man, were of different sizes, the largest being flat and measuring 9 by 6½ inches, while the smallest were slightly convex and in some cases not more than an inch long. In the same ruins with the tablets have been found the glass lenses which were used by their readers. The writing was done, while the tablets were still soft, by a little iron tracer, not pointed, but triangular at the end. By slightly pressing this end on the soft moist clay the inscriptions were made. The tablets, having been inscribed on both sides and accurately numbered, were baked in ovens and stored away in the state libraries.—New York American.

HER BANK ACCOUNT

By J. ANTHONY TWining

Copyright, 1910, by American Press Association.

A man suffragette and a man anti-suffragette were discussing the question of votes for women. The suffragette led off by stating that women often owned property and were entitled to vote for those who made the laws affecting their interests. A widow, for instance, had not even a husband to represent her. A woman who might have more business ability than many men—

"What's that you say about a woman having business ability?" interrupted the anti.

"I said that a woman might—"

"Do you include my wife?"

"I haven't the pleasure of an acquaintance with your wife."

"If you had you would never have made that statement."

"Is your wife a poor business woman?"

"You just try her in a matter of banking."

"Not up to that, eh?"

"I should say not. When I married her she had some funds and insisted on managing them herself. I opened a bank account for her and tried to teach her how to keep it. She learned very quickly what the check book was for, but the pass book baffled her. I brought down her balances for her in the check book, so that she would know how much she had in bank."

"One day I handed her her pass book that had just been balanced at the bank. She looked at the figures and seemed very much pleased. Then she went off and looked at her check book balance. Soon after that she presented me with a fur lined coat as a surprise. It was not long before she received a surprise herself in the shape of a notice from the bank that her account was overdrawn. She came to me to ask what it meant. I told her, and she left me with a puzzled look on her face."

"A few days later I received a polite note from the cashier asking me if I would kindly call at the bank. I did so, and he received me with a peculiar smile. Taking me into a private office where no one would hear, he told me that he had sent my wife notice that her account was overdrawn to the amount of \$350. Then he showed me a note from her, in which she inclosed her check on his own bank for the amount to square the account."

"Your wife is not used to keeping a bank account, I take it," he remarked in kindly consideration of my feelings.

"Oh, yes, she is," I replied. "I've told her all about it."

"It can't be a mistake of ours."

"No; a mistake of mine. I should have told you that she can't learn just how the trick is done. I'll give you a check for her overdraft."

"I wrote him a check and that evening asked my wife how she expected to wipe out an overdraft in that way. She was very much surprised and disgruntled. I thought that I'd better look into her check and pass books, and what do you suppose I found? When a short time before I had handed her her newly balanced pass book she had noticed that the balance brought down was \$350 to her credit. The balance I had brought down for her in her check book was \$10. There were checks out not yet presented at the bank for \$340. Being a mathematical prodigy, she figured that if she had \$340 in the pass book and \$10 in her check book she must have a balance of \$350. She at once determined, in the generosity of her dear innocent heart, to spend it in a fur lined coat for me. I paid for the coat, and it furnished food for the moths."

"She was so disgruntled at her inability to manage her account that she said she would draw out all her money and give up banking. I asked her what money she referred to. She said that since I had paid the overdraft there must be several hundred dollars to her credit. Rather than try to explain to her that the account had been closed I deposited \$400 in bank, and she drew a check for it, and in this way the matter was settled."

"Well, there was no more trouble after this till one day I left her to go on a business trip. In my check book I left a check payable to her order for a blank amount duly signed, so that if she needed money she could fill in the amount she required and get it at the bank. During my absence she ran short of money. A bill for perfume came in for \$6.25. She filled in this amount, drew the money and paid the bill."

"The next day she needed more money. She submitted the case to a friend, who advised her to write a check for all the funds she would need till my return, take it to the bank, and then, knowing she was my wife, would probably cash it. Instead of taking it there herself she sent it."

"Well, she got the money. But when I came back, happening in at the bank one day, the cashier greeted me with another grin, this time more idiotic than before, handing me at the same time the check my wife had drawn, to which she had signed my name."

"Great heavens! It was a forgery. I couldn't have written my name any better myself."

"I took the thing home and showed it to her."

"Why, I supposed," she said, "I should sign your name as nearly as you sign it as possible."

"No, sir; women are no good for keeping bank accounts."

Mr. Morehead is not much of a talker, but his side-partner, one M. B., can talk enough for the pair.

Senator Bradley, opening the Congressional campaign in Kentucky, said the new tariff had brought prosperity. He neglected to say to whom.

Theodore Roosevelt still refuses to talk and it certainly is strange to see the irrepressible, usually more than voluble one assuming the roll of the sphinx.

Mr. Ballinger declares that fidelity, economy and common sense constitute conservation. Fact is, however, that Ballinger himself has never had anything much to do with it.

The noise that the Esperantists are making in Washington only goes to show that it takes all sorts of cranks to make up a great big world like "our'n." The Esperantists have just about as much prospect of making an impression as the simplified spellers. The world is too busy with serious things to take time to bother with either.

A dispatch from Washington says: For the purpose of co-operating with the Republican national congressional and the State committees in the work of organizing the negro voters in close states and congressional districts, the Administration Republican Club has called a national convention of negroes to meet in this city on September 19 and 20. Eight states and the District of Columbia joined in the call. The G. O. P. is "bly white" so far as its conventions go but it is glad enough to turn "black and tan" when votes are needed.

The reading part of the civilized world rejoices in the promised early and complete recovery of Mayor William J. Gaynor, who fell a victim to the would-be assassin's bullet a week ago yesterday. The attempted assassination has had the effect of concentrating attention upon him and will undoubtedly have the effect of strengthening his chances for the Democratic nomination for President. For all kinds of advertisement so long as it is not of an unfavorable nature—help toward making a man a favorite politically. Some of the best equipped men do not get office for the reason that nobody knows anything about them.

As the Governor of North Carolina remarked to the Governor of South Carolina, "It's a long time between drinks"—for the Republican party in the South. That section has been the "solid South," indeed, for a quarter of a century. Now and then the Republicans in Kentucky, Missouri or Maryland have had a taste of success. But the drafts of the "genuine corn whiskey" of victory have been few and far between. The Southern States have been very "dry" politically for the Republicans. But Mr. Taft is casting hopeful eyes at Tennessee and North Carolina. He longs for them as a thirsty man does for a drink in prohibition territory.—Baltimore Sun.

This is of all times the most inauspicious for Republicans so far as the Good Old North State is concerned. With "things looking up" every where for the Democracy, it will be strange if any part of the solid South breaks from its moorings.

Very sweeping, but doubtless none too much so, is a recent denunciation of the Payne-Aldrich tariff law by Congressman William Sulzer of New York. "The Payne-Aldrich law," said Mr. Sulzer, "is unjust in its discriminations against the toilers; it is unfair in its impositions on the producers; and it is unconscionable in its tyrannical exactions on the consumers of the country." Thus, in the view of Mr. Sulzer, the new

tariff hits the laboring class, the farmers and the consumers generally as opposed to the comparatively few manufacturers, importers, etc. It is the argument of some that the farmers, who are getting high prices for their products, would naturally be inclined to favor a continuance of the Republican party in power. But Mr. Sulzer contends that the tariff as levied by the Republican party hits the farmers as hard as it does anybody else. And in view of the exactions levied on the farmer by the steel manufacturers, the woollen goods manufacturers, the manufacturers of wearing apparel generally and other once infant but now full grown industries, it is plain enough that there is something in the New York Congressman's contention.

WITTY TOASTS.

Humorous Hits That Have Helped to Enliven Banquets.

A publisher once gave the following: "Woman, the fairest work in all creation. The edition is large, and no man should be without a copy."

This is fairly seconded by a youth who, giving his distant sweetheart, said, "Delectable dear, so sweet that honey would blush in her presence and treacle stand appalled."

Further, in regard to the fair sex, we have: "Woman—she needs no eulogy. She speaks for herself." "Woman, the bitter half of man."

In regard to matrimony some bachelor once gave, "Marriage, the gate through which the happy lover leaves his enchanted ground and returns to earth."

At the marriage of a deaf and dumb couple some wit wished them "unspeakable bliss."

At a supper given to a writer of comedies a wag said: "The writer's very good health. May he live to be as old as his jokes."

From a law critic: "The bench and the bar. If it were not for the bar there would be little use for the bench."

A celebrated statesman while dining with a duchess on her eighteenth birthday in proposing her health said:

"May you live, my lady duchess, until you begin to grow ugly."

"I thank you, sir," she said, "and may you long continue your taste for antiquities."—London Tit-Bits.

George Washington's Sobriquets. Washington was called by many sobriquets. He was first of all "Father of His Country." "Providence left him childless that his country might call him father." Signorini calls him "Pater Patriae." Chief Justice Marshall, the "American Fabius." Lord Byron in his "Ode to Napoleon" calls him "the Cincinnatus of the West." For having a new world on his shoulders he was called the "Atlas of America." The English soldiery called him by the sarcastic nickname of "Lovely Georgius." Red Jacket, the Seneca Indian chief, called him the "Flower of the Forest." The Italian poet Vittorio Alfieri called him "Deliverer of America." His bitter opponents sarcastically called him the "Stepfather of His Country" during his presidency.

Partnership. Once when I was a little boy I slept out in a barn all night, and it was cold, and I shivered and couldn't sleep. But in the next yard there was a little dog, and he was cold, too, and he shivered. And I got him over in the barn, and we lay down together, and he snuggled up to me, and I snuggled up to him. And pretty soon we were both warm, and we both slept. I had warmed him, and he had warmed me. And so if a fellow snuggles a little hope or a little joy or a little desire or a little beauty close up against his ache, why, pretty soon it has warmed him, and he has warmed it. He is stronger and better and the whole world of hope or joy or beauty or desire is stronger and better for it.—Larry Ho in St. Paul Dispatch.

Fire Sweeps Town. Nashville, Tenn., Aug. 16.—A Sparta, Tenn., dispatch says that a fire at an early hour this morning practically swept the business portion of that town causing a loss estimated at \$120,000, well covered by insurance. A number of the best business houses were destroyed. The origin of the fire is a mystery.

Mabel's Mamma—"Didn't I see that young man kissing you last night?" Mabel—"You'd have to be able to see in the dark if you did."

WHEN SHIP FLOUNDERED
THIRTY-NINE WERE DROWNED

Horrible Disaster Off Straits of Gibraltar Yesterday Morning.

Gibraltar, Aug. 16.—The Spanish steamer, Martos, foundered this morning off Tarifa at the entrance to the Straits of Gibraltar, after a collision with the German steamer, Elsa.

Thirty-nine persons were drowned, of whom 32 were passengers.

The survivors were landed here. A dense fog prevailed at the time of the collision.

Nine of the victims on the Martos were first cabin passengers. The other 23 passengers who perished were in the steerage.

The bow of the Elsa was stove in by the collision and her fore peak filled quickly with water. The steamer, however, managed to keep afloat.

The Case Settled.

Yesterday morning the case against D. E. Clominger, in which he was charged with false pretense, was settled. Clominger had purchased supplies from the Pomona Store Company and the company charged him with false pretense. Clominger had a balance due him by the Pomona Mill and he agreed to have the amount due the store deducted from the mill account and the prosecution withdrew the warrant. The defendant had been bound over to court on the charge of false pretense and in default of bond went to jail. When the matter was straightened out he was released from custody.

Standard Oil Dividend.

New York, Aug. 16.—Directors of the Standard Oil Company held their midsummer dividend meeting today and declared the regular six per cent dividend, which calls for a distribution to the Standard stockholders of \$6,000,000.

Favor Commission Form.

Birmingham, Ala., Aug. 16.—By a vote of 395 to 83, Democrats of Gadsden yesterday went on record as in favor of the commission form of municipal government. Gadsden is the third Alabama town to approve this new form of city management.

THE COMMISSION PLAN

It Will Be Discussed At A Great Convention To Be Held At Galveston.

Baltimore, Sun.

Mayor Mahood said last night that the suggestion that he appoint members of the Charter Commission as delegates from this city to the convention to be held at Galveston, Texas, in November to discuss the plan of governing cities by commission meets with his approval, and that he intends to invite a member of the Charter Commission to go.

Although he has not yet made up his mind whom he will ask to represent the city, he said he would request the entire commission to attend, although he does not think all nine members will be able to go to the Texas city. In the event of the commission not being able to go as a body, he said he would suggest that a committee be appointed.

The Mayor will not be able to attend the convention himself, and as the invitation from Galveston asked him to send some representative if he were unable to go, he will choose a delegation not only to represent the city, but to learn a few things about the success of the commission form of government plan. As the members of the Charter Commission, when revising the city charter that the Legislature refused to

allow to be amended, considered the question of government by commission for Baltimore, and as they will again work on the revision of the charter, he thinks it proper that they have the opportunity to go to Galveston and see for themselves how the plan works out.

"This commission form of government originated in Galveston just after the flood. The city government had not been satisfactory, and it was decided not only to build up the city but change the form of government and thus start all over again."

Much Travel Between Greensboro and High Point.

From January the first to the fifteenth of August over 14,000 tickets had been sold from Greensboro to High Point. There have been fully the same number of tickets sold from High Point to Greensboro, and hundreds of trips have been made between the two cities by automobile. The travel this year between the two points has shown a considerable increase and indicates that a trolley line connecting the two cities would be well patronized.

Building Permit.

A permit was issued yesterday to Mr. W. L. Callum to remodel the front of his store building on South Elm street.

RAILROADS "COME BACK"

Southern And Seaboard File Exceptions To Order For Additional Improvements On Union Station At Raleigh.

Raleigh, Aug. 16.—The jibes of Corporation Commissioner Brown that the Seaboard Air Line had enjoyed immunity from taxation for a long time and that the Southern Railway was reaping a profit of a million dollars per year from the states road that it leases, made by the commissioner in writing the order for the railroads to make additional improvements on the union passenger station here are answered remarkably in exceptions to the order just filed with the commission. The Seaboard Air Line says that one while in the first part of middle of the last century the Raleigh & Gaston Railroad Co. was exempted from taxation through special effort of the people to have railroads built. This was long before the Seaboard Air Line Railway Co. was even dreamed of and the present corporation has never had exemption from taxes for a single day on a single piece of property it owns.

The Southern Railway also emphasizes the injustice done by these references or findings of fact in the order and contends that a large part of the million dollars profit referred to is from through freight that the company could handle over either of three routes to tidewater, being freight that the North Carolina Railroad operated independently could not control and was in no way involved in the lease from the State. Furthermore, that the Southern has expended \$4,349,475 on permanent improvements on the North Carolina road that becomes the property of the State, including double-trackage Greensboro to Charlotte. The Southern contends, too, that recent large increase in wages and extensive station improvements at many points should cause the commission and people to go slow in demands for expenditures that are not really necessary such as they declare the glass enclosed concourse in the union station to be.

Edwin Nicholson, colored, who had served only a few days of a six months sentence for robbing the cash drawer of W. B. Mann's grocery store here, was shot to death last afternoon while attempting to escape from a squad of convicts at work widening Hillsboro street from the city limits to the A. & M. College. He ran seventy-five yards before Guard R. M. Saunders fired, the bullet taking effect in the back of his head. Strangely enough the convict ran straight down street toward the city instead of taking to woods that stretched along one side of the street. He had been heard to say that he had as soon be dead as alive now and some believe that he really courted death by running in the open so the guards could shoot him. While he was a Raleigh negro, he has been for some time in Norfolk until he came back here three weeks ago.

German Ship Yards Idle.

Berlin, Aug. 16.—As a result of the fight between the German ship builders and their employees, all the ship yards of Germany, except government works, are now idle so far as new construction is concerned. Naval construction assigned by the government to private yards is at a standstill and ship owners are in many cases sending their ships to England for the necessary repairs naturally undertaken in home ports. The men demand an increase of ten per cent in wages and a 55 hour week. The shipbuilders maintain that these economic demands are a cloak to political purposes and cannot be granted. Sympathetic strikes of the men employed by allied trades are now being organized. At Hamburg 3,611 metal workers have gone on strike.

Tobacco Men Meet.

Lexington, Ky., Aug. 16.—Tobacco men from all important markets gathered at the inspection tables of the Burley tobacco society here today to examine samples of the 120,000,000 pounds of 1909 tobacco offered for sale by the society. Twenty cents a pound is expected to be the average price.

Some men try to give the impression that they were born with a great deal of experience.

PIEDMONT TRACTION COMPANY

Company Proposing to Erect Trolley Line From South Carolina Line To Greensboro Wants Franchise In Charlotte.

Yesterday's Charlotte News contained the following which will be of interest to Greensboro citizens:

At the next meeting of the board of aldermen the Piedmont Traction Company will ask for a franchise to enter the city with the interurban passenger and freight lines.

This is the company which proposes to build a traction line from the South Carolina state line on through Gastonia, Charlotte, Concord, Salisbury and to Greensboro. It is said that the ultimate plans are to extend branch lines to Durham and Winston-Salem, and many other points in this territory.

Charlotte will be the center of this gigantic scheme of interurban development, and there seems to be a strong likelihood that the company's shops will be located in this city.

The Anderson, Greenville and Spartanburg Railroad Company is the sister concern which is to connect important South Carolina points with an interurban trolley system. It is reported that the two companies may ultimately be consolidated. The scheme is backed by the Dukes, and when both systems are completed over six millions of dollars will have been expended.

It would be difficult to outline the advantages which would be offered by the completion of this stupendous system of railways.

When completed it will be possible to take a car here and in a short while be carried to almost any point within a radius of one hundred miles of the city. It will also be possible to dispatch freights, to almost any point within a few hours time.

Aside from the great convenience to the public, merchants, manufacturers and all classes of business interests will be greatly benefited by this development.

Whether or not the city fathers will grant the franchise asked for remains to be seen. It is generally believed that they will not fail to welcome this stupendous development promised this city and section.

Back From Bicycle Trip.

Aubrey Haynes and Otis Dorsett, the two Greensboro boys who went to Baltimore, Pittsburgh and Norfolk on their bicycles, are expected to return home today at noon. The boys reached Danville Monday, but were waterbound. They left that place yesterday morning and were expecting to spend last night several miles this side of Reidsville.

Lindley Park.

There is a big beauty baby show on at the park theatre this week and there are 36 of Greensboro's sweetest and dearest children in the contest. Every one going out to the park theatre this week will receive a coupon good for one vote in the baby contest. The show is twice nightly. Don't miss it.

CARRIES BIG REVOLVER.

"Big Bill" Edwards Goes Armed Since Gaynor Was Shot.

New York Press.
Persons familiar enough with "Big Bill" Edwards to be present recently in the office of the Street Cleaning Department when he goes there each morning have been surprised to see when he sits down a familiar bulge at his hip pocket, showing "he totes a gun." The Commissioner, his friends have stated frequently, never feels the need of a weapon other than his brawn and muscle. But the fact is that since the attack on Mayor Gaynor Edwards has "toted a shooting iron" regularly.

The night of the attempted assassination in which Edwards played so prominent a part, a group of police and city officials were dining in Tappen's road house, Sheepshead Bay. In the party were Borough Inspector Holahan, of Brooklyn; Inspector O'Brien, who has charge of the Coney Island district, and James Villipigue, proprietor of the restaurant. Suddenly Commissioner Edwards, all alone and looking exceedingly glum, appeared and made for a solitary table. He could not escape his friends however. They cheered him loudly and bade him join them. The Commissioner accepted the invitation, but begged those present to abstain from demonstrations in his favor.

"Boys," he is quoted as saying, "I confess I came out here with the idea of being alone. I wanted a chance to think this terrible nightmare over so I jumped in the machine and raced out here through Prospect Park. This will tell you just how deeply I've been hit by the whole business."

"Big Bill" laid down on the table a glistening, brand new revolver.

"I've never wanted to carry one of those things until today. But after that bound fired his first shot it seemed to me the article I most needed in all the world was a powerful gun. Fists don't seem strong enough. So I stopped in and bought this fellow, and I'm going to carry it as long as I live."

They Have a Definite Purpose.
Foley's Kidney Pills give quick relief in cases of kidney and bladder ailments. Mrs. Rose Glaser, Terre Haute, Ind., tells the result in her case. "After suffering for many years from a serious case of kidney trouble and spending much money for so called cures, I found Foley Kidney Pills the only medicine that gave me a permanent cure. I am again able to be up and attend to my work. I shall never hesitate to recommend them." Holton Drug Co.

Aeroplane Poultry.
Washington Star.
"When I order poultry from you again said the man who quarrels with his grocer, 'I don't want you to send me any of those aeroplane chickens.'"
"What kind do you mean?"
"The sort that are all wings and machinery and no meat."

Struck a Rich Mine.
S. W. Bends, of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills for they cured him of Liver and Kidney Trouble after 12 years of suffering. They are the best pills on earth for Constipation, Malaria, Headache, Dyspepsia, Debility. 25c at Farris-Klutz Drug Co.

Lordly Disraeli.
Disraeli once told a lady that two possessions which were indispensable to other people he had always done without. "I made," she said, "every kind of conjecture, but without success, and on my asking him to enlighten me he solemnly answered that they were a watch and an umbrella. 'But how do you manage,' I asked, 'if there happens to be no clock in the room and you want to know the time?' 'I ring for a servant,' was the magniloquent reply. 'Well,' I continued, 'and what about the umbrella? What do you do, for instance, if you are in the park and are caught in a sudden shower?' 'I take refuge,' he replied, 'under the umbrella of the first pretty woman I meet.'"

Easier to Write It.
In 1871 Edward Lear was staying with the governor of Bombay at Mahalashwar, the hill station of the Bombay presidency. I was there and took a walk with him one day. He asked me the name of some trees. I told him they were called "jambul" trees in India. He immediately produced his sketch book and in his inimitable style drew a bull looking into a jam pot. He said it would help him to remember the name.—London Spectator.

Pleasant Prospect.
"Yo' isn't stopped at de Palace hotel befo', is yo', boss?" inquired the colored man who was piloting a just arrived traveler from the railway station to the hostelry.
"No. But what makes you sure of it?"
"Uhkase yo' gwine dar now, sah."

A Thing of Beauty.

Delights of the Seaside Beautifully Pictured by the Atlantic Hotel in an elegant Announcement.

As lovely an announcement as any ever issued by a hotel in the South is that just published by the Atlantic Hotel, of Morehead City, in a beautiful circular of twelve pages, attractive and inviting, a thing of real art. The season opens June first. All persons desiring a copy of the announcement may secure it by addressing a card to Frank P. Morton, manager, Atlantic Hotel, Morehead City, N. C. It is splendidly illustrated and the pleasures it recites and pictures make the wish to go to the seashore irresistible.

It is stated, the Summer season of 1910, will mark a new era in the history of the Atlantic Hotel—a number of improvements have been made, new granite and board walks laid, new piazza built, and tennis courts added. The ball room which is of enormous proportions, has been beautifully decorated, and many other features added for the comfort of its guests.

Morehead City is justly famed for the excellent fishing in the matchless waters that are found within the confines of this endless expanse of pleasure grounds, where myriads of the "Fanny tribe," disport themselves.

The Atlantic Hotel is preparing to entertain this season the largest crowd in its history.

DIABETES

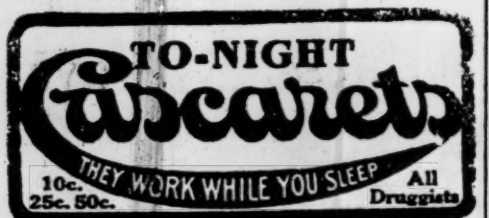

From late figures the hope of recovery under the new emollient treatment seems to be about as follows:

In people of sixty and over results are quite uniform, probably nine-tenths recovering. While at fifty and over a large majority of all cases yield to the treatment, below fifty and approaching forty the disease gets more stubborn, and between thirty and forty the percentage is not high—probably not much over half yielding.

Under thirty the percentage is less and in children recoveries have been very few and most of those were obtained with the aid of skilled physicians forcing nutrition, with alkaline treatment to prevent formation of acetones.

The new emollient treatment is known as Fulton's Diabetic Compound. It can be had in Greensboro at the Fariss-Klutz Drug Co.

We desire every patient to write us who is not noting the usual improvement by the third week. Always state age. Literature mailed free. Jno. J. Fulton Co., 645 Battery street, San Francisco, Cal. We invite correspondence with physicians who have obstinate cases.

MORTGAGEE'S SALE OF LAND

Under and by virtue of the power of sale given in a mortgage deed executed to Walter D. McAdoo by I. H. Adkisson and his wife, Georgiana A. Adkisson, on the 1st day of May, 1906, and recorded in the Register of Deeds office of Guilford county, N. C. in Book No. 187, Page 534, etc., default having been made in the payment of principal and interest according to terms of said mortgage, I will expose to sale at public auction to the highest bidder for cash at the courthouse door in the city of Greensboro, N. C. at 12 o'clock on Saturday, the 20th day of August, 1910, the following real estate, lying and being in the county of Guilford and State of North Carolina in Gilmer township, adjoining the lands of W. D. McAdoo, Geo. Smith and others and bounded as follows: Beginning at a stone 305 feet from the intersection of Magnolia and Palm streets at the southwest corner of lot No. 31; thence about east along the line of lot No. 33, 109 feet to a stone; thence about north along the lines of lots Nos. 5 and 6, 100 feet to a stone; thence about west along the line of lot No. 27, 109 feet to a stone on Magnolia street; thence along the east side of Magnolia street about south 100 feet to a stone the beginning. Being lots Nos. 29 and 31 in plot of W. D. McAdoo's property near White Oak and Revolution Mills, the above property is improved by a good dwelling, out houses and orchard.

BLAKE'S VISIONS.

The Curious Hallucinations of the Poet-Painter.

William Blake, the contemporary of Charles Lamb, was a man of visions. Blake dined with prophets and held converse with archangels. A friend of Blake called on the poet-painter and found him sitting, pencil in hand, drawing a portrait with all the seeming anxiety of a man who is conscious of having a fastidious sitter. He looked and drew and drew and looked, yet no living soul was visible. "Disturb me not," said Blake in a whisper. "I have some one sitting to me." "Sitting to you?" exclaimed the astonished visitor. "Where is he? I see no one." "But I see him," answered Blake laughingly. "There he is. His name is Lot. You may read of him in the Scriptures. He is sitting for his portrait."

Blake's hallucinations, however, rarely took a malignant form. One of his most beautiful visitors was of a fairy funeral. "I was walking alone in my garden," he said. "There was a great stillness among the branches and flowers and more than common sweetness in the air. I heard a low and pleasant sound and knew not whence it came."

"At last I saw the broad leaf of a flower move, and underneath I saw a procession of creatures of the size and color of green and gray grasshoppers, bearing a body laid out on a rose leaf, which they buried with songs and then disappeared. It was a fairy's funeral."—Chicago News.

The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fails to destroy them and cure malaria troubles. Staggers Skeptics.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove its a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains and corns. Try it. 25c. at Fariss-Klutz Drug Co.

ECCENTRIC PAVING.

Louis XIV. Covered One Courtyard With Silver and Gold.

Many interesting instances of individual eccentricity or extravagance in the selection of material for paving streets and roads may be cited. It is related that when Maximilian Emanuel succeeded to the throne of Bavaria he celebrated the event by causing one of the roads leading to his palace to be paved with plates of burnished copper. This, gleaming in the sunshine, gave all the effect of the more precious metal—gold.

We are told also that Louis XIV. paved one of the courts at Versailles with squares of silver, each of which had recorded upon it some triumph of the French arms. In the center of the court stood a large tablet of gold in representation of the luxurious monarch's favorite emblem, the sun. Members of the time of Louis make mention of a lodge erected to the love of his youth, the fair Louise de la Valiere. The approach was paved with mirrors wherein was painted an allegory setting forth the undying devotion of the king to Louise.

An eccentric nobleman of Milan conceived the idea of paving the courtyard of his palace with slabs of marble, granite and other stone, each from a different land. It is said that Europe, America, Asia, Africa and Australia all contributed materials to make up this quaint mosaic composed of more than 1,000 pieces, every one of which was suitably inscribed with the name of the country or state whence it came.—Harper's Weekly.

Nervous Women

For nervous, tired women, we recommend Cardui. Cardui is a woman's medicine. It acts specifically on the female organs and has a tonic, building effect on the whole system. It contains no harmful ingredients, being a pure vegetable extract. If you suffer from some form of female trouble, get Cardui at once and give it a fair trial.

TAKE CARDUI

It Will Help You

Mrs. W. W. Gardner, of Paducah, Ky., tried Cardui and writes: "I think Cardui is just grand. I have been using it for eleven years. I am 48 years old and feel like a different woman, since I have been taking it. I used to suffer from bearing down pains, nervousness and sleeplessness, but now the pains are all gone and I sleep good. I highly recommend Cardui for young and old." Try it.

Miss Maud McFarland, who underwent a serious operation at Dr. Reeves' hospital Monday, was resting well yesterday, but her condition was still serious.

FELL FROM ROOF.

Mr. C. W. Riley Sustained Serious Injuries Yesterday Afternoon.

Mr. C. W. Riley, of 207 Keogh street, was the victim of a serious accident yesterday afternoon and as a result will be confined to his home for some time. Mr. Riley who is a carpenter, was engaged in the work of putting a new roof on the Lea flat on South Spring street that was destroyed by fire some weeks ago. He was standing on scaffolding about twenty feet from the ground when he suddenly became dizzy and fell, the force with which he struck the ground rendering him unconscious.

Dr. Ralph Dees was hurriedly summoned as was Dr. J. W. Long also. An examination revealed the fact that one rib on the right side was broken. His shoulder was terribly bruised and there was an ugly cut over the eye. The injuries were hurriedly dressed and Mr. Riley was removed to his home on Keogh street, where the injuries were more thoroughly dressed.

Last night Mr. Riley was resting as well as could be expected and unless complications result he will recover. He is over 60 years of age and his age makes the injuries more serious than they would be were he a young man. The attending physicians state that had Mr. Riley not been partly unconscious when he fell he would have been far more seriously injured if not fatally hurt.

MEETING OF MERCHANTS ON FRIDAY EVENING

The joint business and social meeting of the merchants of the city to be held at Lindley Park Friday evening promises to be an event of more than usual importance. Several short but spicy addresses will be made and the affair will be wound up with a watermelon feast and a visit to the Park show. Every merchant in the city is urged to attend. The special trolley of the Public Service Company will leave the square at 8 o'clock to carry the merchants out.

Accumulating Money!

The following figures illustrate how a small Savings Account grows when the money earns 4 per cent:

Weekly.	5 years.	10 years.	20 years
\$1	\$ 298.00	\$ 650.00	\$1,614.00
\$2	585.00	1,301.00	3,228.00
\$5	1,462.00	3,252.00	8,070.00

A small first deposit will assist you in accumulating a substantial fund for future use or with which to meet an emergency.
